21 Years of Experience in Teaching

For 21 years, Pines International Academy has been the leading English School when it comes to innovative English education. It started to offer courses for ESL learners alongside its competent and highly qualified teachers. Pines had evolved into an institution that focused on the development of language programs that are more practical and more appropriate to the proficiency level and learning styles of each student. The institution continues to expand and caters not just to ESL learners but also to English Standardized test-takers in courses like IELTS and TOEIC.

Now we operate the Chapis IELTS Specialized Campus with a higher goal for growth. Teachers with professional knowledge of IELTS and a conducive environment for IELTS learning will help students improve their skills and achieve their goals in a timely manner.

04

5 Smart Goals

We establish a clear vision as smart goals to approach the right way in getting the desired results from the classes and the official tests.

Structured Practice

A well-structured practice guides students step-by-step to transcend their levels and to enable them with knowledge and skills to logically and consistently answer the questions in the official test.

Mastering IELTS Skills

Knowing suitable tools, skills, and strategies to attend to all the different question types, and meet the assessment criteria and required English proficiency levels for different bands is the key.

Attainable Band Target

One needs to identify his or her actual current level or status before hitting the target. Aim for achievable band scores with the time in hand.

Reasonable Preparation Period

Upgrading or enhancing skills, from the current level to the next level, takes time. Depending on the student's English language abilities and proficiency, a minimum of 4 weeks to a maximum of 6 months of learning period is provided.

Trackable Progress

Keeping track of students' development towards an improved or more advanced level through class performance and mock tests is essential in reaching their target score.

Outstanding Teachers

05

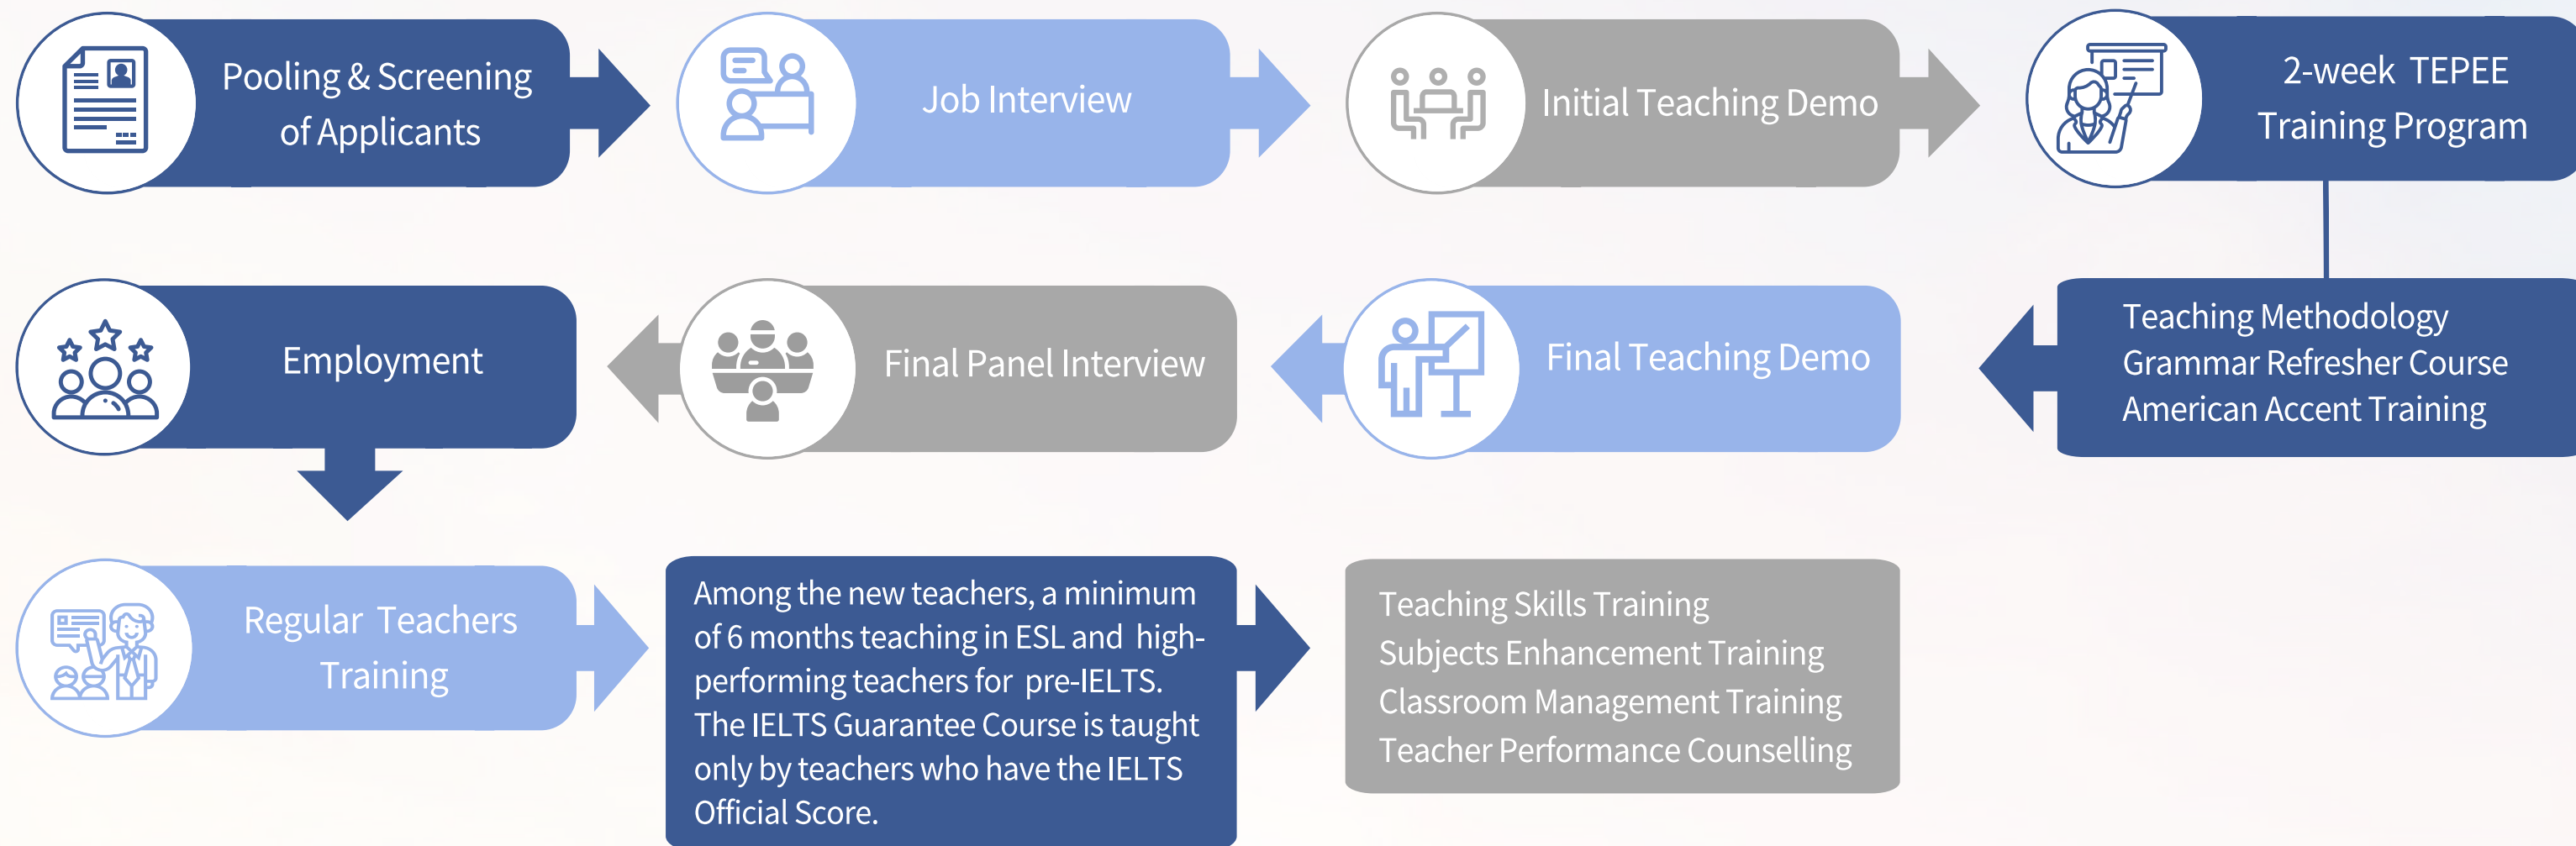

Outstanding Teachers

We have a highly-trained, experienced, and dedicated education team at Chapis Campus who have worked together for many years. To provide high-quality learning experiences for students enrolled in our IELTS Course, our teachers undergo continuous skill training and development.

06 Teacher Training

All teachers have to undergo the Teaching Empowerment Program for English Educators (TEPEE), which covers three modules: Teaching Methodology, Grammar Refresher Course, and American Accent Training. This PIA Training program, headed by a CELTA-certified trainer, was further upgraded with the format of CELTA by Cambridge University to ensure that our training is at par with international standards for the benefit of our students.

07 Teacher Assessment

We evaluate teachers' performance every month. OPE (Overall Performance Evaluation) is to ensure the quality of education provided to students through faculty members. The passing mark is 94% and a sizable portion of our teachers get mostly above 96%.

10 IELTS Textbooks

Pre-IELTS

The Head Start and Jump Start book series contain preparatory exercises that introduce to the students basic language skills to help them prepare for the IELTS test. Each activity is sure to significantly boost their preparation for IELTS.

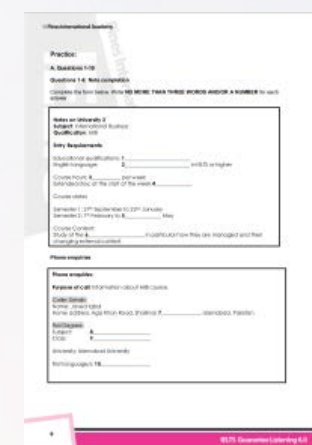

IELTS Regular

The Builder book series provides substantial knowledge to the students to help them develop their English language skills for the IELTS. Question types in Listening, Reading, Writing, and Speaking are discussed in detail. Sample questions and practice tests included in these books mimic the real IELTS exam, allowing the students to gauge their progress and identify areas for improvement.

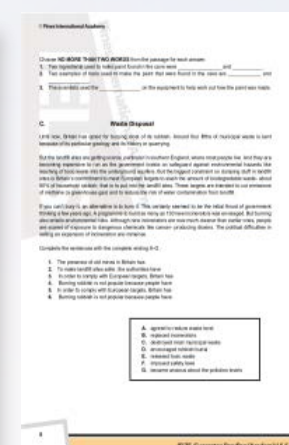

IELTS Guarantee

By exploring the test paper-by-paper, and looking in detail at each task type, each book in this course gradually builds up the skills, language, and test techniques students need to approach the IELTS exam with confidence. Each book is meticulously designed to contain mini-tests and exercises that mirror the format and content of the actual IELTS test.

15

Learning Cycle Model

The IELTS course is based on a learning cycle model of 1-4 weeks. Students are motivated by their teachers accurately identifying their strengths and weaknesses, and providing them with appropriate skills and learning strategies for improvement.

16

IELTS Mock Tests

We offer two types of IELTS mock test, and students can choose their preferred test method between paper test and computer test. The IELTS mock test is provided with a composition that is 80% similar to the actual test.

Paper-based IELTS mock test comes with an answer sheet and a pencil for writing. The speaking test is conducted face to face. The candidates will have to write answers on this sheet within the stipulated time.

In computer-based IELTS mock test, we provide an environment where students can take computer-based mock tests. The speaking test is conducted face-to-face with the IELTS teacher.

If students apply for the IELTS Official Computer-based Test, they will take the test at the IELTS test center in the Main Campus. Pines is an Official Test Registration and Test Center Recognized by the British Council.

17 Student Assessment

The IELTS Mock Test Report allows students to check the test results after the test. The test results will also be checked by the student's subject teacher, which determines the student's learning progress and direction. Test results are also used during students' academic consultation.

Mock Test Schedule and Results:

IELTS Guarantee Student: Every week

Pre-IELTS and Regular IELTS Student: Every 4 weeks
